FAST SEARCHES

You are never lost even amongst thousands of exhibits during a trial. ExhibitView allows you to give alias names to your exhibits so that you can quickly search and present them to the jury in seconds.

QUICK SLIDE SHOWS

Unlike other similar Trial Presentation software, ExhibitView lets you create Slide Shows so that you can organize in your office and then make focused and detailed presentations when in court or mediation.

WEBVIEWER LIVE

This exclusive feature allows you to surf the web, save web pages as a PDF file, or send it to the attached projector while doing a live presentation all without distracting the audience.

EASY TO PROJECT

ExhibitView has an Auto-Connect feature AND an easy wizard for step by step configuration of projectors. Organize your exhibits without distracting the audience.

Download your 14 day trial.
